

Frampton Table Tennis Club

Covid Update

The club has been out of action since March 2020 but will be reintroducing practice sessions towards the end of September 2020. Cafepingpong continues to be closed but it is hoped that it will recommence its regular weekly sessions in January 2021.

The club's origins lie in the old RHP (Hoffman) club which was located in Stonehouse. Formed in the 1950s the club enjoyed the company's hospitality for 26 years until it changed its policy on non-employees playing for the club.

So in the summer of 1984, Frampton TTC was formed with just 12 founding members. Teams played in Frampton Village Hall for 14 years, before moving to the Community Centre (now Cadbury Hall) in September 1998 where it is still based.

Currently, we have four teams playing in the Stroud and District League and a further three teams playing in the Gloucester League. In the winter months, there is league table tennis staged at Cadbury Hall every Wednesday (Gloucester League) and Thursday (Stroud League). Spectators are made very welcome.

Individually, we have a number of current Gloucestershire county players and our members have been hugely successful in recent years in both league and county competitions.

During the summer, we have regular weekly practice on Thursday evenings and potential new players are very welcome to attend.

In addition, the club runs a coffee morning with a difference on Monday mornings. Called cafepingpong and taking place between 10am and midday, it provides an opportunity to play social table tennis while enjoying coffee or tea and biscuits. All ability levels are catered for, bats & balls provided and tuition is available.

Anyone wishing to find out more about the club should contact Bob Murray (Chairman) on 01452 741824.
